Dear Sir:

Pursuant to 37 C.F.R. 1.321(b) the undersigned attorney of record is empowered to act on behalf of the Assignee, Aurora Biosciences Corporation ("Assignee").

In accordance with 37 C.F.R. § 3.73(b), Assignee represents that it is the owner by assignment of the entire right, title, and interest in the above-referenced application which claims priority from U.S. Patent Application No. 08/858,016 which issued as U.S. Patent 5,985,214, all by virtue of an assignment recorded at Reel No. 8745, Frame No. 0579 by the Assignment Branch of the Patent and Trademark Office. The Assignee represents that, to the best of Assignee's knowledge and belief, title is in the Assignee seeking to take action.

Assignee hereby disclaims the terminal part of any patent granted on the instant application which would extend beyond the expiration date of U.S. Patent No. 5,985,214. Assignee hereby agrees that any patent so granted shall be enforceable only for and during such period that it and the above listed patent are commonly owned. This agreement runs with any patent granted on the instant application and is binding on the grantee, its successors, or assigns.

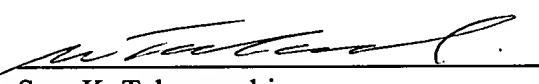

Appl. No. : 08/812,176
Filed : March 6, 1997

Assignee does not disclaim any terminal part of any patent granted on the above-referenced application prior to the earlier of the expiration date of the full statutory term of U.S. Patent No. 5,985,214 and that of any patent issuing on the above identified application in the event that either one later expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. § 1.321(a), has all claims canceled by a reexamination certificate, or is otherwise terminated prior to expiration of its statutory term, except for the separation of legal title stated above.

Respectfully submitted,

KNOBBE, MARTENS, OLSON & BEAR, LLP

Dated: January 29, 2001
